SUMMARY OF QUALIFICATIONS

- **Full-stack web developer** skilled in building responsive, interactive applications using the **MERN** stack and **Next.js**.
- Experienced in designing and integrating **RESTful APIs**, working with **PostgreSQL** and **MongoDB**, and implementing secure authentication.
- Strong **problem-solver** with solid **communication** and **teamwork** skills, able to learn quickly and adapt to new challenges.

EDUCATION

Lebanese University (LU) — Bachelor's Degree in Computer Science   **January 2023 – September 2025**

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive UI Design
- **Backend:** Node.js, Express.js, RESTful API Development, Authentication (JWT)
- **Databases:** MongoDB, PostgreSQL, Mongoose, Prisma/SQL basics
- **Tools & Version Control:** Git & GitHub, Jira (SCRUM), Postman, VS Code
- **Other:** OOP concepts, Problem-solving, Agile Development, API Testing, Team Collaboration

PROJECT EXPERIENCE

1. Project Management app (Link)   **August 2025 – September 2025**

Developed a full-stack project management platform using **Next.js**, **Prisma**, and **Auth.js**. Implemented secure Google and GitHub authentication to streamline user onboarding. Built features for project creation, task organization, and team collaboration, providing users with an efficient and intuitive workspace for managing their projects.

2. Apple Store Clone (Link)   **April 2025 – July 2025**

Built a full-stack e-commerce platform using **MongoDB**, **Express.js**, **React.js**, and **Node.js**. Implemented secure **JWT** authentication with cookies and role-based access for users and admins. Developed product browsing with variant options, cart management, and order history tracking. Integrated **Stripe** Checkout for seamless online payments and designed a fully responsive interface to ensure a smooth shopping experience.

3. World Explorer (Link)   **February 2025 – Mars 2025**

Built a responsive and interactive application using **React** and **TypeScript** to explore global country data, Implemented advanced search, filtering, and sorting capabilities for an intuitive browsing experience. Developed detailed country pages with comprehensive information and neighbor-to-neighbor navigation, delivering a smooth and engaging user experience across all devices.

PROFESSIONAL EXPERIENCE

Web Development Intern - TechTalks - Remote   **September 2025 – November 2025**

- Led the end-to-end development of "CodeLeb" a gamified e-learning platform for programming, overseeing the complete project lifecycle from conception to deployment.
- Directed the development team using **Agile methodologies**, utilizing **Jira** for sprint planning, task delegation, and tracking progress to ensure timely delivery of features.
- Architected a modern, full-stack solution using **Next.js, React, and Tailwind CSS**, delivering a highly interactive and responsive user interface.
- Engineered the backend infrastructure using **Next.js API** Routes and **Server Actions**, interfacing with a **PostgreSQL** database.
